

Which remote do you want your patients to touch?

The Clean Remote

The Clean Remote has tested to be 99% cleaner than standard remotes.

In several studies, TV remotes have been revealed to be a leading carrier of bacteria in a patient's room. Not only are they handled continuously throughout the day by patients, but remotes are also handled by staff and visitors.

- **Easy flat non-porous surface makes it simple to clean and disinfect.**
- The Clean Remote offers direct channel access (numbers 1 - 9 and 0)
- **No menu button** - Which stops the patient from changing the TV setup.
- **Marketing tool** - To show your facility cares about your patients.
- **Prevent theft of batteries and lost battery covers** - Hidden battery compartment and patent pending hinged battery door helps eliminate lost battery doors and deters patients from taking batteries.
- Batteries not supplied.
- Comes with stand for safe keeping of remote.
